“ A very gracious, intelligent lady...my brothers had her as a teacher, and I was employed by her briefly as a librarian. We were always very impressed by her dignity, common sense, and breadth of vision, and we will pray for her.

“ She was a great and brilliant lady, always on the lookout for ways to make life better for those around her. She had a great and genuine love for the Church, for Catholic education, and for the students in her care.

I strongly sense that most of what she did was done quietly, behind the scenes, with no fanfare.

She revived the dormant practice of producing and displaying a framed plaque of photos of St. Mary's College Honor-students for each semester, (even personally procuring the supplies) which continued until she left us.

She was not afraid to do the 'grubby' work that needed to be done, like cleaning desks and sanding off graffiti, etc., during the summer months. How many college deans do that?

She also spearheaded the restoration of a damaged painting that was of historic value to SMC.

There were doubtless many more "above and beyond the call" of the usual duties of a college dean that she accomplished. My own involvement (at her request) in these projects is the only way I know of her key roles in them.

God bless her. May she rest in peace, and may her heavenly reward be great.

“ I was a student of Dr. Berfanger at St. Mary's College in the 1990's. She was energetic, kind, witty, and dedicated to her work and the good of her students. I still have the little binder she gave me, which encloses education-related prayers and counsel. We had been corresponding at least once a year for as long as I can remember. She will be very much missed, and she is definitely in my prayers!

My heartfelt condolences to her family...
