“ *Bev was and will always be my very dear dear friend, for around 39 years we have shared our lives through all the up's and down's. My hearts desire for everyone would be to have a special friend in their lives as she was to me. To say I will miss her is an understatement of the century. To her children I am soooooo blessed to have known your Mom, she loved and treasured each one of you, she always wished she would and could have given you more, your Mom, her life is like a beautiful tapestry, all the bright lively colors, all the muted colors and just a few dark ones to make all the rest shine bright. Good by my dear dear friend, see you soon.*
