“ *I knew Cheryl from school...I had not seen her since then probably. She was so fun and we shared some good times and laughter. She was in my biology and US History class in high school-I remember that specifically. I also remember her being a good friend, someone you could talk to and trust that it wouldn't go any further...we all need friends like that today! I remember her kind spirit. We were friends on Facebook recently. Some of her posts were sad and some were not-it was good to reconnect with her! My condolences to her family and all of her friends. I pray Cheryl that you are at peace...love you.*

“ I met Cheryl through a job. We werent sure if we were gonna click or not at first but both quickly realized a friendship was meant to be. This woman ... What to say...she was so much fun to hang with. Crazy, amazing, loyal, great listener, a true friend. Work never seemed like work with her there. Jobs changed , but the friendship stayed true for over 25 years... I will always remember and treasure our fun times, our conversations. Rest easy my friend, you will be dearly missed .
