“ I would like to extend my deepest and sincere sympathies for your loss of Dan. I worked with Dan at Delphi Plant 20 in Anderson. It was my first job right out of college as an Electrical Engineer and I was heavily involved with the maintenance crew and Dan. He always took care of me, treated me fairly, and supported me. I was saddened to hear of his passing from Dick Johnson, an electrician, that we worked with at Delphi and we still keep in touch. I'm proud to say that Dan was a good friend to me, taught me a lot while I was there, and am a better person for having him as a part of my life. So for that I am thankful. Take comfort in that the good Lord must have had a great need for Dan and that although his parting was sudden...he didn't suffer. With my condolences, Justin Chaney
