“ My baby sister.....what can you really say when you lose a sibling? A piece of my heart is gone. Yet ,I can rejoice ,because I seen a woman that had grown so much in the last 20 years. Our trials make or break us ,and hers allowed her to blossom into a beautiful rose ! My little ‘grub-bug’, how I will miss you, but I hold both the memories from our childhood and adulthood close ,remembering those last memories you helped to create,holding them even closer than before . Each time I see a butterfly,I will think of you and the little saying I had for you ...’ spread your wings little butterfly,spread them wide and fly high ‘ I loved you always💜 until we see each other again, your big ‘sissy’.
