“ I knew Donald when we both worked for Foam Rubber. He was always a Pleasure to talk to whenever he came to the office or I was out on the floor. Kasie and the family are in my Thoughts and Prayers.

“ Donald could fix anything! I swear he swapped a motor out once with just a screwdriver! He was a good man! He loved his grandchildren and mine. He treated me with respect and kindness. His work ethic was impressive. I found a jewel when I found him. It's hard to find a person with such integrity, one who gives but doesn't take, who is dependable and honest. One you can trust not just with your possessions but with your life. I suppose that's the definition of a "Ride or Die". And that he was! I'm sad without you!!!
