“ *Donna, where do I begin the most caring, loving mother grandmother great grandmother, always put others first she would stop at nothing to take care of her family. She was the matriarch the glue that held the family together mom's best friend and dad's favorite person to tease she always had that sweet giggle, my life has been blessed and enriched to know Donna and to try to follow in her footsteps and being the best person I can be those are gonna be some hard shoes to fill and Family love one another as she and Phillip loved you it's going to be tough and hard but hold onto those memories and know she's no longer in pain. I love you Donna and Family. I'm just a phone call away.*

“ I would like to express my deepest sympathy. I am truly sorry for the loss that your family is feeling. Whenever we lose such a caring and loving person, it is the hardest experience that any of us can go thru. And because of that, my thoughts and prayers are with your family during this extremely difficult time. Cherish all the wonderful memories that you have of your dear one. These precious memories will console the family in the days ahead. Sally Willis {Jerika's Grandmother}
