“ *My mother was a strong, feisty, opinionated and very loving mother and mentor. We, as her children very fortunate and blessed to be her children. When my daughter was born we got to witness the joy of a loving caring playful grandma oh, it was amazing to watch. When my granddaughters were born we got to see a loving, playful, caretaking great grandma. I am so thrilled that my granddaughter's got to meet their great-grandmother. As recently as this past summer my mother was attempting to teach my two-and-a-half-year-old granddaughter to play her beloved piano. We miss you mama! I love you Mama.*

“ I had to have a discussion with her to get her keys at 92, so I could drive while visiting. She always thought stop signs meant pause. Lots of spiritual memories but her driving for anyone who knew her was only one speed, fast.
