“ I was proud to have an Aunt like Helen. She was a woman everyone liked and respected.

One of the stories I remember was that when her card club had trouble playing cards they just started to go out to eat as a group, They still stayed good friends.

I would guess that she was the last member of the club alive.

“ I love you and miss you Grandma! It has been a BLESSING to have you in my life! You have always been some one who I could talk opening without being judged. Someone I loved to visit because we had good ole fashion quality time together playing cards, game, coloring, bike rides, walks to the park, picking up leaves, traveling and watching the quality time spent with the 4th generation, Tabitha. Getting to spend the special times we had with you as Tabitha grew. At 80 you were crawling through tunneling and doing anything Tabitha told you to do, you were so cute, funny, sweet, special and loved. Tabitha started the 5th generation which we have so lucky to have you make that HONORABLE moment . Thank you Grandma. the list could go on and on, I love you always and forever
