“ I graduated from the same class as Kevin Garner. While I have not lived in New Castle since 1981, with a class graduation count of around 365, you know just about every classmate a little bit. I don't remember running around with Kevin Garner, sure at one time we had class together. I'd like to extend to the family my condolences for your loss. He seems too young to be taken from us and I'm sure he will be missed. Many times we don't realize the impact someone to the world around them until they are gone.

I remember we went to Hernly School and one day some boy was making fun of me and throwing rocks. Kevin took off on he bike and got in a fight with him. Told him never to pick on me again. The boy left me alone. He even gave me a necklace and bracelet set in grade school. He was just a sweet little boy. All the way through school to 12th he defended me.
