“ *My memories of Ice family are as rich and pure as the Jersey milk they produced for decades and you don't have to read far to learn Dick served his country in World War II, being part of that greatest generation.*

If you've had the pleasure of knowing Dick and Joan, you know they raised three wonderful human beings and that family was always the key to their hearts.

If you've known Dick Ice for a while, you know that he not only kept his family fed, but also produced wheat, meat, corn, and soy beans for tens of thousands of us for decades as well as some of the best milk, butter, cheese, and ice cream to be found.

Dick probably worked more in his 98 years than three or four average men, all with few words and a that ever present smile.

Our thoughts and prayers are with Joan and the family. Well done, Mr. Ice. Rest in peace.

“ I recently had the privilege of meeting Richard & Joan at their new residence, Joan shared with me how the two of them meet. Richard smiled while listening to Joan tell me their story, what a beautiful couple full of love for each other. I am so sorry for your loss and pray for God to give you peace, comfort and strength in the days ahead.

“ David and I were remembering the time we visited one summer and Uncle Dick took us on a fun tour of the property on his tractor. We then took a driving tour of different family cemeteries and he told us stories and history of our relatives. Aunt Joan served us a yummy quiche before we headed out. Felling love and gratitude!
