“ I too came to know Jay from the Wallace trips to Patoka lake, first met him when I was 12 or 13 years old. We all had so much fun together and Jay was a very integral part of that experience. After college I went to work at Chrysler and not long after in the lab with Jay. I can't really put into words how much the time I got to spend with him at work and after he retired meant to me. He became a fairly permanent fixture in my life and we spent many evenings hanging out, playing darts in his barn, just catching up on what was happening in each others lives. My brother Mike wrote the previous post about Jay, which could not have been said more beautifully and it really illustrates who Jay was and what he meant to so many different people. I feel like lots of people come in and out of our lives throughout the years but Jay had an immense impact on me and I will always treasure the 40 years I got to be a part of his life. The world is going to be a sadder place without him in it but it's obvious to me the legacy he left behind. My heart goes out to his family and as I learned recently after the passing of my own father, it gets better with time.

“ *I first came to know Jay as one of the "Patoka Gang" - a group founded by my Dad and his brothers. The gang would carve out a week every spring to go fishing on Patoka lake in southern Indiana. Jay simply became part of the family. I and the rest of the group thought the world of Jay - always eager to pitch in and help, a great boatmate, and the occasional practical joker. In later years, as it became more difficult for the entire group to come together for the trip, Jay and I continued the tradition. I am very grateful for all those wonderful memories.*

Jay was also very supportive and kind to me when I joined the Chrysler family. There were certainly times when I needed his grounded sensibility and sense of humor.

Our sincerest condolences to the French family for this profound loss. Our thoughts and prayers are with you in these difficult times.

“ My deepest sympathies to all that love Uncle Jay. I regret I will not be in attendance for celebrating his life. I will be thinking of you all. I have many favorite memories with Uncle Jay. One being when he taught me how to water ski. He had taken us to Brookville and while I was learning to ski somehow my skis were pulled off and as I came up from the water one hit me in the back of the head. Luckily David jumped in for a quick rescue! As I sat in the boat shaking off the aching in my head Uncle Jay says it's your turn again. I thought gosh give me a minute. Little did I know this to be a life lesson of when you fall off get back on. I'm sure he wanted to make sure I wasn't afraid to try again.

He, Aunt Linda and I applied this to our Bad Bowlers league as well. Continually trying to bowl! We were never invited out of this league but we had a lot of fun!

A few of many memories and I am grateful for them all. I am fortunate to have had him as a part of my life and family and will remember him fondly.

“ Jay was a heck of a guy. Not many people would fit in on our family fishing trips to Patoka but, Jay was a natural. Had many great times with him on those trips. It was truly my pleasure to have known and shared some laughs with him.
