“ Sweet friend... I'm so sad to hear of your passing. We met & got to know each-other in HCJ but we to be pretty close at the Hope House in Ft Wayne. We got there a week apart. You were the only one I personally knew at first & showed me all the ropes helping me get adjusted. We ended up being besties & as Shelley Mitchell would call it, would always be “out ripping and running” together ☐ You used to ride with me on my weekend home visits back to Muncie/New Castle area to go visit our families & ride back to the Fort w/ me. We had so many good memories & heart to hearts. You moved back after completing the program so we drifted apart after that but you've always had a special place in my heart & have thought & wondered about you a lot over the years. You were a dear friend & I'm so sorry to that you're gone. Your life was cut short but I hope your soul is at peace now. Sending sincere condolences, thoughts and prayers for your babies & your family. Love you friend ☐ -Angie Paris

“ *I first met Tab when we lived in the trailer park in Mooreland. I hadn't seen her in years, until one day, out of the blue I saw her with Cindy out shopping, and she gave me a hug. She was always so beautiful, just like her mom and sweet. I will never forget you sweet girl. Keeping all of the family in my prayers. Love, Michelle (your old neighbor)*

“Heaven called another of life's angels in so many ways back home. Is easy to tell someone, or others throughout life that endure a loss of a loved one to remember all the good times & memories shared together, that there in a better place now and not enduring no more pain, or suffering in life etc..

Tabitha was much more to me and my family then my 1st cousin, she was & is a sister, as we where all raised together growing up as kids from the time we where all born, and to always care for one another as such.

Everyday for all of us, ( myself Clifford , Roy, Greg, Pickle (Richard) Tabitha ) was a adventure, a quest, a journey , to explore and venture the beauty within life, and Nature. The Outdoors was our ultimate playground, that was our wealth & fortune in which we where thankful.

Our families didn't come from much wealth wise, but tried there best to give us everything, and anything they could. To all of us kids we where millionaires with a endless means to our imaginations, at times however though they may have lead us all into trouble with our parents, ( like the time myself, Clifford , Roy, Greg, Tab & Pickle all snuck away from there sight to see a big fire , that we could see all the black smoke in the sky, and all the fire trucks where about, that didn't end well for Myself, Roy or Greg, Ended with picking our own switches and Tab and Pickle where hostages that we drug along. It was still worth it. It hard to share 1 memory, when your whole life is the memory.

I love you & miss you Tabby, May you rest easily in heaven with all our loved & missed ones Tab. Love you Cuz , as we would always say to one another . Love you Cuz.....
