“ I grew up with Terry he was a great guy and had a lot of fun with him playing basketball. He loved to make people laugh and do anything to help someone out that was in need. Terry was also a great dad and loved his kids very much. He will definitely be missed by many and forgotten by none. My greatest sympathies go out to his kids who really looked up to him as a role model and father. Sure will miss you T-Bone.

“ I feel honored to have taken care of Terry in the ICU. I don't always get emotionally involved with my patients and their families, but this was a very special and heart breaking circumstance. I'm so sorry things turned out this way. You have an amazing family and I'm thankful for what you all have taught me. I'm praying for you and hope you find peace in the coming days. You've been on my mind nonstop. Thank you for letting me take care of him. Please let me know if you need anything.

“ *Life brings tears, smiles and memories. The tears dry, the smiles fade but the memories will last forever. There are so many memories that I myself could share like that smile that would light up a room. The love that you could see he has for his children and family. We have partied together, grieved together and after all these years still kept in contact. My heart is breaking for Raquel, Trey, Dylan, Averie and Sandy whom he loved more than words could ever express. Treasure those memories as no one can ever take those away from you. My thoughts and prayers are with all of you.*
