“ *My thoughts and prayers are with the family  
I was honored to have been able to have  
taken care of Thelma for the last 2 yrs.  
We had a wonderful time talking about her  
past and family...  
She loved discussing different tv shows she had watched with me  
and I believe we at most times solved the worlds problems...  
Thelma will be truly missed*

“ Thank you grandma for saving me at a time in my life that I was Abandoned by the one person that should have loved me the most. I will never forget the lessons you taught me in that bush out back or the workbooks you made me do to become smarter and more independent. So many lessons and great memories. I love you I always have.
